EAST COAST SOCIAL

Daily Facebook posts for local businesses, made by someone local.

I'm Matthew Ferreira, from Memramcook, NB. I make the posts myself, with help from AI tools, and answer my own phone and emails. I'm not an agency, and I'm starting small on purpose: my first two businesses, done properly.

HOW IT WORKS

1. **A short chat** about your business: what you sell, what makes you different, what you'd like people to know.
2. **7 free sample posts**, made from your own details and photos. They don't go on your page, and you keep them either way.
3. **If you like them**, I make a post for every day of the month. You see each one first.
4. **You approve every post** before it goes up. Don't like one? I change it or skip it.

MY PROMISES

✓ I never ask for your password. You add me as a helper on your page, and you can remove me any time.

✓ Nothing is posted without your OK.

✓ Only true facts about your business. No fake reviews, no made-up claims.

✓ No contract. When the month ends, you decide if you want another.

THE PRICE

$79 / month

A post for every day of the month on your Facebook page, after your 7 free samples. No setup fee.

WHAT POSTS CAN LOOK LIKE

From East Coast Social's own daily posts. Yours would be in your style, with your photos.

SEE MY WORK FIRST

- **findhotstuff.com/automation**: my own store's feed has published a new post every day since August 7, 2026.
- The **East Coast Social** Facebook page, where my own daily posts go.

Plain and honest: East Coast Social is brand new, so I don't have client reviews to show you yet. That's why the samples are free: you see the work before you decide anything.
